## President's Message By Kathleen Crawford

Continuing our theme of "AAUW Delivers", there is much to celebrate! The October 8th Program meeting at the Lincoln Library informed 70+ members and guests on statewide ballot measures and local Measure M Transportation issues. Many thanks to Sanchia Spandow, Sue Miller and the Program committee for lining up two great speakers and the Q & A session generated further discussion and reflection.

My November message is focused on the "No Reservations" card you received in the mail mid October. In order to continue the philanthropic programs at our current level (Tech Trek, Sierra College Re-Entry Scholarships, Elect Her, Start Smart, NCCWSL for Student Leaders, High School Scholarships and Speech Trek), the branch must raise approximately \$25,000. The Philanthropy Committee and the board are focused on streamlining our fundraising efforts for the 501c3 to 2 major fundraisers - "No Reservations" and "Women of Distinction."

The "No Reservations" card replaces the Non-Event fundraiser which is being moved from a spring event to the fall. Every branch member may contribute to this low overhead fundraising effort according to their financial ability. Every contribution is appreciated and gets us closer to the \$25,000 goal. For more information on "No Reservations", please contact the Co-VPs of Philanthropy Dianne Black and Lynn Cooper. If you have friends or associates who may be willing to donate to our outreach projects, please provide information to Dianne or Lynn or ask for cards that you can mail with your personal invitation to join you in contributing.

Our spring fundraiser is the "Women of Distinction" event which includes a raffle, an evening dinner social event and the opportunity for our branch to honor South Placer Women who contribute to our community at large. This event also has something for everyone's participation - purchasing or selling raffle tickets, purchasing dinner tickets and/or selling sponsorships or program advertisements to local businesses. This second annual fundraiser has the potential to grow into our most successful fundraiser with your commitment and support. To volunteer for the WOD committee, obtain raffle tickets for sale or selling ads/sponsorships, please contact the WOD Co-Chairs Jackie Lamb or Mary Kay Melton.

Another form of giving is TIME! The Marketing board position remains vacant and in need of a volunteer. Please contact me for further information - it is a great opportunity to get our name into the community and it is a voting member of the branch board. I want to recognize the 20+ members who are staffing 2 precincts for the November 8 election polling places and contributing the Placer county stipend to our branch 501c3, netting an additional \$1300. More on their service next month! I don't want to overlook the value of the volunteer hours our members give in support of our philanthropies. Each outreach project has a committee meeting regularly to oversee and administer the project. Each member who sells raffle tickets, dinner tickets or encourages others to donate to our 501c3 through the "No Reservations" card contributes to our goal of supporting women and girls in South Placer.

I have heard from several of you that you would like to see additional scholarships for Sierra College or new support for STEM workshops locally to expand Tech Trek. YOU can make this happen by increasing the fundraising efforts both inside the membership as well as the community at large.

**Please consider what you will do so that we can continue "AAUW Delivers". Kathleen**

## Gratitude from our Winner

### By Michele Stark, Speech Trek Chair

**Caitlyn Jordan**, winner of the branch Speech Trek and second-place winner at the State Final, received a UC Regents and Chancellor's Scholarship from UC Berkeley, where she is now majoring in journalism. This photo of Caitlin was taken at Royer Park for the Suffragette Day Celebration. Caitlin spoke at that recent event in support of women's equality.

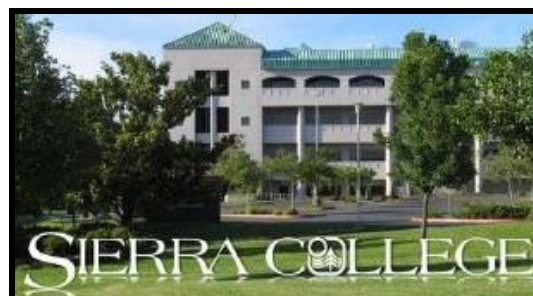

#### Caitlyn's expression of appreciation to AAUW:

"My three-year participation in AAUW's Speech Trek not only gave me the experience to demonstrate to UC Berkeley that I deserved a scholarship, it also built my confidence and showed me that my voice is valuable. Thanks to Speech Trek, I learned more about important issues, such as gender equality. Participation in the speech contest also improved my communication skills and helped me be a better leader. Thank you AAUW for providing this opportunity!"

## Sierra College Leadership Needs \$tart \$mart Teachers and Volunteers!

### By Sue Miller

The branch's **Sierra College Leadership Committee** has for several years successfully offered **\$tart \$mart** at the college. National AAUW has recently revised the curriculum, shortening it to fit the college's class periods, and we expect more requests from college faculty to offer sessions. To meet demand, we need more volunteers willing to teach the course.

Are you a retired teacher longing to occasionally get back into the classroom? Or are you interested in helping young women learn about how to negotiate their salaries? Here's your opportunity! **The \$tart \$mart course is online**, and you can learn the curriculum with just a small investment of time. We suggest you observe a class and be an assistant to a current AAUW \$tart \$mart instructor to see if this is of interest to you.

**Please contact Marietta Gonzales to learn more about the program.**

The committee will be involved in other activities on campus, including the **Elect Her** event, selecting capable young women to attend AAUW's National Collegiate Conference for Women Students, and occasionally staffing informational AAUW tables at campus events. It is rewarding to work with motivated young women who will be our future leaders. **Join us!**

**Contact Sue Miller if you'd like to know more.**

## Tech Trek Girls Wowed At Kickoff

### By Kim Lillard, Tech Trek Chair

Tech Trek 2017 has yet to gear up for the new year this fall, but our girls from the 2016 summer camp are out and about representing for our branch. They're back in school as lofty eighth graders this year and are excited to help continue the Roseville-South Placer branch's Tech Trek legacy, as we gear up soon to start choosing next year's scholarship recipients.

All the girls who attended camp in July came out in full force to share their summer camp experiences at our all-important Kickoff Brunch, where our branch members learned of all the exciting opportunities for fellowship and philanthropy in which they can participate throughout the year. The six young ladies (Karina Andersen, Natalie Ang, Eliana Biassa, Siena Halsey, Keneya Onualuguchi and Ife-Michaela Spencer) shared their thoughts with the attending branch members in a short talk on each of their times at summer camp. Their experiences were as unique as they are, and as the audience listened to their short stories, they could tell how much Tech Trek meant to the girls, and what a life-changing opportunity they had by being a 2016 scholarship recipient.

After the event, members eagerly shared with the girls their own reminiscences of their time at college, or their career experiences in STEM fields. The girls in turn came away with a richer knowledge of what their own futures might hold for them by pursuing educations and careers in STEM fields. It was definitely a win-win for girls and branch members both!

**For more information on our Tech Trek program, please contact Kim Lillard.**

## AAUW Takes Positions on the November Ballot Initiatives Reported by Sue Miller, Branch Public Policy Chair

### Historical Basis for the Initiative Process

The 1911 election that granted women the right to vote in California also gave initiative and referendum power to the electorate through Proposition 7 (now California Constitution, Article II, § 8 (a).) "The initiative is the power of the electors to propose statutes and amendments to the constitution and to adopt or reject them."

Political corruption in the early 1900s set the stage for reform, and for the newly elected Governor Hiram Johnson to state in his inaugural speech: "The first duty that is mine to perform is to eliminate every private interest from the government and to make the state solely responsible to the people." Governor Johnson and a progressive Legislature put a package of constitutional amendments on the ballot that placed more control of California politics directly into the hands of the people. The process, with modifications, continues today.

There are two types of Ballot Measures: Initiatives that amend the state constitution, or Initiatives that create a new law in statutes. There are two ways a measure can be placed on the ballot: The Legislature has the ability to place constitutional amendments, bond measures, and proposed changes in law on the ballot. Any California voter can put an initiative or a referendum on the ballot by following the "**How to Qualify an Initiative Process**" on the Secretary of State's website. Signature gatherers are usually employed to enable meeting the required number of signatures. An initiative measure may be proposed by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by electors equal in number to 5 percent in the case of a statute, and 8 percent in the case of an amendment to the constitution, of the votes for all candidates for governor at the last gubernatorial election. A statewide ballot measure can be approved by a majority vote of the people. Certain local ballot measures require approval by a 55% or a two-thirds vote of the electorate.

### November 2016 Ballot Measures

The November ballot in California will contain 17 ballot measures. The Public Policy Committee reviewed and evaluated those related to AAUW's priorities and mission and took positions on five. The relationship to the AAUW CA Public Policy Priorities is noted.

**Proposition 51 – School Bonds.** Funding for K-12 and Community College Facilities (Statute): Authorizes \$9 billion in general obligation bonds for K-12 school construction and modernization, funds for community college buildings, funds for facilities for charter schools and technical education programs. **SUPPORT:** adequate and equitable funding for high quality public education for all students.

(See following page for additional propositions AAUW supports or opposes.)

## Continued: AAUW Takes Positions on the November Ballot Initiatives

**Proposition 52 – The Medi-Cal Funding and Accountability Act** (Statute and Constitutional Amendment): Requires two-thirds vote of Legislature to amend a current law that imposes fees on hospitals; fees are used to obtain federal matching funds for Medi-Cal. It directs fees and matching funds to uncompensated care provided by hospitals and to children’s health coverage. It eliminates the law’s ending date. **SUPPORT:** guarantee equality, individual rights and social justice for a diverse society; increased access to quality, affordable health care.

**Proposition 53 – Voter Approval to Issue State Bonds** (Constitutional Amendment): Requires statewide voter approval before state may issue bonds of over \$2 billion to finance a single project. Prohibits dividing projects into segments to avoid public vote. Includes clause that if other bond measures on the ballot that conflict with this measure, and both that measure and this measure pass but this measure gets more votes, then the other measure is null and void (“poison pill clause”). **OPPOSE:** the “poison pill” clause could nullify Proposition 51, which AAUW is supporting.

**Proposition 55 – Extends Income Tax on high earners** (Constitutional Amendment): Extends Proposition 30 (passed by voters in 2012) through 2030 – currently set to expire in 2019. This will generate \$ 8–11 billion per year to be used for public schools and community colleges, health care for low-income families, and local public safety. The public can track expenditures at [www.trackprop30.ca.gov](http://www.trackprop30.ca.gov). This does not add new taxes, but continues taxes already in place. **SUPPORT:** Support for a strong system of public education; access to quality, affordable health care; guarantee of equality, individual rights and social justice for a diverse society. AAUW supported Prop 30 in 2012.

**Proposition 58 - The California Multilingual Education Act.** (Statute): Amends 1998’s Prop. 227 (which requires children in public schools to be taught in English) to allow public school students who speak limited English to be taught for a defined period of time in languages other than English. Districts using this option must develop an accountability plan and involve a parent advisory committee. Parents may opt out of the program. **SUPPORT:** support for a strong system of public education that promotes gender fairness, equity and diversity.

To learn more about all 17 propositions, a good resource is the CA Secretary of State website. Go to [www.sos.ca.gov/elections](http://www.sos.ca.gov/elections) for more details. Your state and county Voter Guides, arriving in your October mail, will also contain helpful information.
