President's Message By Kathleen Crawford

March is Women's History Month and our branch made Women of Distinction History on March 2! The second annual event was a special evening with our honorees and key note speaker offering inspiration and humor as we honored their accomplishments breaking barriers for women and girls in their lives and communities.

The event "grew" from a lovely luncheon to a celebratory dinner with approximately 190 in attendance including elected officials, corporate sponsors, community members and many AAUW members. Continue reading your Branch Lines for more details—and please thank Jackie Lamb and Mary Layman who co-chaired this wonderful evening and provided leadership for their committee. It was a big success and exceeded all goals for continuing to grow this event.

Continuing the good news, Michele Stark received notification that our branch Speech Trek first place winner Sarah Murphy is one of the 3 state finalists. Several of us will be at the State AAUW Annual Meeting on April 22 in San Mateo to cheer Sarah on! The National AAUW convention in Washington DC June 13-17, 2017 will also find several of our members in attendance. Both our President Elect Kathy Novotny and I will represent the branch and other members attending include Carolyn Garfein and Kathy Kort. If you are also planning to attend, please let me know so we can coordinate plans to cover more workshops and sessions.

Dottie May, Tasha Standridge and I attended a full day Leadership Event hosted by the Placer Community Foundation at the Orchard Creek Ballroom on March 8. (See us below). There were dozens of Placer County non profits represented to hear about good governance and developing leadership and volunteers as well as fundraising skills. We each felt that the workshop materials provided good support for what our organization currently is doing as well as showing us other possibilities which we will be sharing with the board at our April meeting and the orientation for the oncoming board. This is part of our marketing and networking with the Placer non profit community.

Tasha, Kathleen, Dotti at Leadership Event

I encourage you to contact our Nominating Committee members Sanchia Spandow, Barbara Fraivillig and/or Patricia Lane if you are interested in serving on the elected branch board beginning July 1, 2017 for a one year term.

This is a wonderful opportunity to get to know our members and serve our South Placer community.

I am looking forward to the April program on Family History - I hope to see you there!

Women of Distinction Breaks Fundraising Records

By Jackie Lamb, Event Chair

The Committee met its three goals:

1. Raise \$15,000
2. Increase Community Awareness of the Branch and its' activities
3. Raise more funds from non-members

Due to outstanding support from our local business and government community, the Women of Distinction Dinner Event was able to raise in excess of \$20,000. This is an improvement over last year's luncheon by an estimated \$12,000. Perhaps more importantly, elected officials such as Mayors, Judges and Board of Supervisors now know there is an AAUW Branch in our community. We had nearly 100 guests that were not members. Our success with expanding the word about AAUW should allow us to add new projects and programs in concert with other community groups.

The honorees were Robin Trimble and Celia McAdam. (See page 4.) The honoree and keynote speaker was Nancy Lieberman, Assistant Coach of the Sacramento Kings.

The Honorary Chair was Carol Garcia, one of last year's honorees. Much of our success in attracting 8 Corporate Sponsors is due to Carol's hard work on our behalf. Our keynote speaker surprised all of us when she announced during her speech that she would be giving us \$2000, and Robin Trimble, another honoree, also gave a surprise donation of \$500. These donations indicate that our work on behalf of women and girls does impress others in our community.

2017 Women of Distinction

Honored at the March 2nd Women of Distinction Award Dinner were two of Placer County's truly outstanding women. Both spoke movingly about their early lives and about the impact their mothers had on them as they developed into women of distinction. Who are these women who help make Placer County a wonderful place to live?

**Robin Trimble:**

As CEO of the Rocklin Chamber of Commerce, Ms. Trimble oversees all facets of the organization, including staff management, government relations, fundraising, member recruitment and the operating budget. Prior to joining the Rocklin Chamber of Commerce, she worked in a variety of leadership positions for USAA Property and Casualty, including Claims Operations, oversight of the USAA Foundation for the Western Region, and Executive Management Roles. Ms. Trimble holds an MBA from Golden State University and a bachelor's degree from California State University, Sacramento. Ms. Trimble has given time to numerous community organizations, including the United Way, Community Services

Planning Council, Rocklin Educational Excellence Foundation and William Jessup University. She also established the Margaret Schonbeck Memorial Scholarship at Rocklin High School. She has been named chairperson of the Board of Directors of Placer Valley Tourism. In her voluntary position, she will lead a 15-member board as it supports tourism for the three cities of Rocklin, Roseville, and Lincoln.

**Celia McAdam:**

Celia spoke at the Branch's October program, 2016, addressing transportation issues in Placer County. Referred to as one "of the most important transportation officials in Northern California" by the Sacramento Bee, Celia McAdam has served as Executive Director of the Placer County Transportation Planning Agency (PCTPA) since 1998. She has also served as Executive Director of the South Placer Regional Transportation Authority (SPRTA) since its formation in 2001. Ms. McAdam previously served as a Senior Planner for PCTPA in the early 1990s and held management positions with the City of San Jose and the Butte County Association of Governments. An expert in transportation funding, McAdam has been recognized by her peers for her creativity in moving projects forward in spite of bureaucratic and technical obstacles. She has often been sought out by the

media for her ability to translate complex transportation issues into terms more easily understood by the public. McAdam's ability to successfully navigate the often convoluted requirements of transportation planning and funding have translated nearly \$2 billion of projects including the I-80 Lincoln Bypass Bottleneck Widening, I-80/Sierra College Boulevard Interchange, I-80/Douglas Boulevard Interchange, and a number of transit and rail projects. Under her leadership, PCTPA has earned numerous awards, including "Organization of the Year" with the California Transportation Foundation and "Agency of the Year" by the Sacramento Area Council of Governments. McAdam was named "Woman of the Year" in 2012 by the Women's Transportation Seminar and was also inducted as "Fellow of the College" with the American Institute of Certified Planners in 2016. Celia earned a bachelor's degree in Economics and a master's with distinction in planning.

High School Scholarships

By Lora Finnegan, Committee Chair

The High School Scholarship Committee, with Lora Finnegan as chair and committee members Patricia Lane, Jackie Lamb, Nancy Chapman and Cleo Postle, are in high gear as they contact South Placer high schools and begin the process of selecting needy students for the Branch's scholarship program to assist students beginning college next year.

Lora, Cleo, and Patricia attended the Roseville District's High School Scholarship Social at Oakmont High and were able to meet with counselors and principals from many of the schools whose students may apply for our scholarships. Putting a name to the face has been a goal for our committee this year, and all our team members made personal visits to each school counseling office to meet with the appropriate administrator and deliver the application forms.

Our aim is to raise the profile of our Branch's high school scholarship program and get more applicants. So far, it's working—we have received an astounding 50 scholarship applications (ten times the number received last year)! We will be reviewing these (and more coming in through the mail) all week, and we'll be meeting next week to determine the five scholarship winners.

Many thanks to last year's High School Scholarship Committee for laying the groundwork so well.

Public Policy News by Sue Miller

AAUW's Public Policy Priorities Face Challenges in Washington

Among its Public Policy Priorities, AAUW believes in self-determination of one's reproductive health decisions and increased access to quality, affordable health care and family planning services. AAUW trusts that every woman has the ability to make her own informed choices regarding her reproductive life within the dictates of her own moral and religious beliefs. Further, AAUW believes that these deeply personal decisions should be made without government interference. AAUW members have made the protection of reproductive rights a policy principle since 1977.

Under the new administration and Congress, both reproductive health decisions and access to affordable health care face an uncertain future. Washington decision-makers have made it clear that they are planning to dismantle the Affordable Care Act (putting no-cost birth control at risk, among other things) and they will defund Planned Parenthood. According to the organization's leadership, 2.5 million women and girls rely on Planned Parenthood for essential healthcare, including cancer screenings, mammograms and birth control. Community clinics and public health officials speculate that no one else could provide services to these large numbers of women who will have to seek care elsewhere—or go without.

The recently unveiled plans to replace the Affordable Care Act similarly include draconian measures that will make it harder for low-income women and families to afford health coverage. If the ACA's premium and cost-sharing subsidies and proposing age-based tax credits are repealed, coverage will fall well short of what the ACA currently provides. In 2016, 6.8 million women and girls enrolled in health plans through the health insurance marketplaces created by the ACA. Analysis by the nonpartisan Congressional Budget Office showed that 14 million fewer Americans would be insured after one year under this plan, many of them in California. Research shows that women routinely face financial barriers to affording care. This bill would create new, and for many, insurmountable, barriers.

As a non-partisan organization engaging in issue-based advocacy, AAUW's messages cannot identify with political parties, but this does not mean that we must remain silent when key components of our mission are being challenged. In fact, we *must* speak up. As Lisa Maatz, AAUW VP for Governmental Affairs has stated: "AAUW will speak truth to power." You can get involved by contacting Congressman Tom McClintock at 916-786-5560 and request that he act to protect health services for all Americans.

Equal Pay Day is April 5! AAUW CA will have a Senate resolution around that date. If you'd like to be present in the Senate chamber, let Sue Miller know to be notified of the date and transportation arrangements.

**Drum Roll:
Speech Trek Winner is 1 of 3 Selected for CA State Final
By Michele Stark, Speech Trek Chair**

Sarah Murphy, winner of the branch Speech Trek final, has been chosen to be 1 of 3 students in the state to advance to the AAUW-CA final competition, on Saturday, April 22 at the San Mateo Marriott Hotel. The Speech Trek final contest will be the featured program at the luncheon. If you're interested in attending the event, go to the website: aauw-ca.org. There is limited seating.

You can watch Sarah's winning speech on our branch website, rosevillesouthplacer-ca.aauw.net. On the home page, click the link Speech Trek 2017, Sarah Murphy.

So, just who is this pretty and talented high school student?

In Sarah's own words: I am a senior at Whitney High School in Rocklin. As the senior news director and anchor for the WCTV19 Broadcast Program, I am heavily involved in broadcast journalism and have placed in multiple national and local news feature stories, a documentary, and anchor contests. Outside of school and broadcast, I have played piano for 13 years and teach piano to children in the community. I will attend Utah State University in the fall and plan to major in broadcast journalism.

Words of Appreciation:

I would like to express my sincere gratitude to AAUW. I appreciate the many opportunities that I was given. Through Speech Trek, I was able to step out of my comfort zone, research and learn about current and important topics, and voice my opinions. I also appreciate the **Eleanor Stem Allen family** and their kindness and generosity in funding the program. I would like to thank everyone for their support. I have learned from and hope to carry on the objectives, goals, and values of the AAUW organization.

Use Amazon Smile and Help our Branch

A new and easy way to help the branch!

So many members order from Amazon, some even using Amazon prime. Now there is a way to buy your usual items and let Amazon give back to our non-profit charitable funds.

When you are ready to place an Amazon order:

Find the "Select a charity" space and type in AAUW Roseville South Placer.

Then click the select button. Now you are on Amazon Smile. You have just entered Amazon through a different portal. Shop and place your order in the usual way, and Amazon takes care of the rest, giving back one-half a percent to our branch--not a lot, but every few dollars help, and you have no extra charges. You already have your credit card and personal information on file and secured with them, so you are not exposing any information to a third party. If you are an Amazon Prime user, the process works the same way.

If you are not an Amazon user but would like to be, you will be asked to set up an account. Amazon walks you through the process. If you are a regular Amazon buyer, you already know the procedures. Eventually, the branch hopes to have a similar connection with other businesses that will work the same way. Keep shopping and help our worthy causes!
