Strive Outreach Advocacy Reinvention

With our theme SOAR in mind, the board is getting the year off to a good start. At the planning session in July we developed a "5 Areas of Focus" document which will be our guide for the year. A copy will be posted on the branch website, where you will find lots of information about what is happening in the branch, including the complete copies of approved minutes of board meetings. If you want to be informed, I encourage you to visit the website often.

Something new in *Branch Lines* will be the "Ask a question" column. In an effort to keep you better informed, we encourage you to ask a question. A response will follow in the next edition.

As part of reaching out to the community the Board will launch a High School Scholarship Program. Five \$500 scholarships will be awarded to deserving South Placer senior girls who will be attending college. The criteria for and implementation of the scholarships will be developed by an Ad Hoc committee. Stay tuned. This new project expands our scholarships for re-entry women to Sierra College and Tech Trek for middle school girls. The board will continue to explore new ideas as we seek to fulfill our mission and vision:

Mission Statement: AAUW advances equity for women and girls through advocacy, education, philanthropy and research.

Vision Statement: AAUW empowers all women and girls to reach their highest potential.

Sanchia

Highlights of August 12, 2015 Board Meeting

The branch budget for 2015-16 was unanimously approved. New philanthropic projects include: funding for five high school scholarships, an additional Sierra College Women's re-entry scholarship and scholarship funding for National Conference for College Women Student Leaders (NCCWSL).

Additionally, there is an increase in the contribution to AAUW FUNDS. These philanthropic contributions are a direct result of the increase in fundraising for the last few years and our success with the branch 501c3 status.

The President will appoint an Ad Hoc committee to work on criteria and implementation of the new high school scholarship program with a goal to award the high school scholarships in the spring of 2016.

Committee reports from Program, Membership, Philanthropy, Communications and Policies & Procedures were given.

See Our New Branch Video at the Kick-off!

By Jackie Lamb

During the last school year The Marketing Committee worked with Lincoln High School Advance Video Production class to create a video that tells the story of AAUW and specifically about our Branch.

Featured in the video is the President of Sierra College discussing all the activities sponsored by the Roseville South Placer Branch on the campus. Past scholarship recipients and a Tech Trek girl also discuss the wonderful support they received from our Branch.

The teacher, Matt Tofft, said "It's the first all-student produced video we've done and the students learned a lot about the technical aspects, but also about the real life side of the business."

Students were surprised when their first efforts were evaluated by the Marketing Committee and learned that more work was needed.

See video of our branch at the Kick-off, Sept. 25.

The collaboration between high school students and senior citizens also allowed for exchanges between generations in which both sides learned something new. Many of the issues raised in the video, such as Pay Check Fairness, were news to the young students.

The video will now allow the Branch to make presentations to Businesses and other groups, showing the work we do. Most importantly the story is told by those we have helped and not by the AAUW members. It is our hope to generate a greater awareness of our Branch philanthropy throughout South Placer.

Save the Date for October Program

By Peggy Rutherford, Program Vice President

You'll want to attend our branch's October event! Plans are being finalized at this time.

Date: Thursday, October 22nd

Place: Lincoln Library, 2:00 to 4:00 p.m.

Speaker: Gopal Kapur

He will tell us about a program for orphan girls in India that he supports, as well as educational opportunities for poor-but-bright deserving children.

Many of you have heard Gopal Kapur speak recently at our Great Decisions interest group where his topic was "India Changes Course."

This program is free and open to the public.

Watch for further information in the October Branch Lines.

2012 Tech Trek Camper---3 years later

By Sue Cofer and Leslie McNeill

Hannah Shows, a Junior at Rocklin High School, was a 2012 Tech Trek camper sponsored by the AAUW RSP Branch. Since Tech Trek, Hannah has been involved in women's leadership programs such as Girl's Leadership Worldwide (GLW) and founded a branch of the United Nations' program 'Girl Up' at Rocklin High. 'Girl Up' is an organization dedicated to education and fundraising to support girls' education in third world countries. It empowers women to incite change in their communities.

In May, Hannah secured the license and coordinated all the details necessary for a showing of 'Girl Rising' at the Movie Studio Grill theater. This film is the story of 9 young women in third world countries who fought for their peers to be able to have an education, knowing that education is the way to change for a better future. Numerous members of the AAUW RSP Branch attended the showing, coming away in awe at what young women around the world are doing to better their futures. Through Hannah's efforts, \$1200 was raised to further the mission of 'Girl Up'... to empower young women in education and leadership roles.

Hannah Shows

Hannah wants to thank the AAUW RSP Branch for her Tech Trek camp experience. She writes, "her success in high school is largely due to her experience at Tech Trek. The values, community involvement and work ethic instilled in her at that camp has driven her beyond what she thought she could ever accomplish."

As a branch, we are proud to follow Hannah's accomplishments. We wish Hannah continued success as she goes forward in her dream to form her own company working with people to make the world a better place.

In Memoriam

Branch member **Lali Hearn** has lost her husband **Greg** to cancer. Greg's contributions to the branch were many: he was a tuxedo-clad escort for each of our three fashion show fundraisers and also provided information about this type of fundraiser from his daughter who raises money for breast cancer survivors in Marin County.

Greg and Lali together spent many hours helping with the branch's many parking lot sales especially with the jewelry pricing and displays--Greg doing Internet research for the pricing of members' contributions. Greg also participated in the wine group and gourmet couples outings.

Our hearts go out to Lali at this time.

Public Policy Updates By Mary Kay Melton

Latest from AAUW Washington Update:

In July, the Senate passed Every Child Achieves Act (S. 1177) which includes many AAUW-supported provisions, but still needs improvements to hold schools accountable for improving academic results for all students. We applaud the inclusion of important gender equity provisions and are pleased that the bill will take strides to ensure all students receive a strong K-12 education. However, it is unacceptable that states face no consequences for failing to meet these standards or address achievement gaps.

As the bill moves forward, it is critical that the conferees add provisions that hold schools accountable for improving academic results for all students and closing achievement gaps before the bill is presented to the president for his signature.

Important gender equity amendments were also included such as Sen. Richard Blumenthal's (D-CT) amendment to fund state work on Title IX enforcement, Sen. Patty Murray's (D-WA) amendment to provide public data on high school athletic program expenditures for girls and boys, Sen. Kirsten Gillibrand's (D-NY) amendment to provide STEM programs for girls and minority students, Sen. Tom Udall's (D-NM) amendment to support pregnant and parenting students, and Sen. Elizabeth Warren's (D-MA) data transparency amendment to ensure all girls and boys are represented.

AAUW looks forward to continuing to work with Congress to improve the Every Child Achieves Act and public K-12 education for all.

From the AAUW Website: A term of victories Courts matter. If we had any doubt about that, this year's U.S. Supreme Court decisions confirmed it. Victories on a range of issues important to AAUW members made this term particularly significant for supporters of equality. Read on for a summary of this year's most important decisions. You can also listen to a recording of our Supreme Court wrap-up call. Go to <http://www.aauw.org/2015/08/05/scotus-victories/>

From AAUW Action Network:

On August 6, 2015, our nation marked the fiftieth anniversary of the Voting Rights Act, which intended to protect millions of Americans from discriminatory voting restrictions. Fast forward 50 years later and we continue to see voting practices that directly affect women, minorities, young voters, and the elderly from accessing the ballot box.

Why is this happening? The 2013 Supreme Court decision in *Shelby v. Holder* gutted the heart of the Voting Rights Act by striking down the law's preclearance provisions.

That's why Congress must act to restore voter protections that would require key states that have demonstrated a history of voting discrimination to obtain preclearance prior to any voting changes.

The right to vote is exactly that – a right. The Supreme Court's 2013 decision has made it harder for millions of women, college students, minorities, the poor, and the elderly to vote; it is long past time for Congress to fix this decision.

Neighborhood Group Leaders

For names and contact information, call or email Neighborhood Group Coordinator, Sandy Haley.

Occasionally the two Sun City Roseville neighborhood groups enjoy a combined event. On a bright Tuesday morning, August 4th, hostess Lorraine Cournoyer organized a breakfast for us held in the Rose Garden at the Lodge.

At 9:00 a.m. the weather was perfect and the hearty breakfast catered by Timbers was delicious. Connie Frank (herself a Master Gardener) gave a talk on the variety of roses in the garden and the importance of the preservation of bees and bugs. She also talked about the handmade bug "hotels" around the public areas in Sun City.

Sun City Roseville Neighborhood Groups enjoy Breakfast in the Rose Garden at the Lodge in August.

Member Pam Wilkinson had previously painted a section of the garden and is here posing with her painting in front of the site. Connie applauds in praise of the artistic reproduction, as did we all! A delightful morning!
