MARCH
2018

American Association of
University Women

***Don't Miss the 2018 Women of Distinction
Awards Dinner!***

Thursday, March 8

5:00 p.m.

***Catta Verdera Country Club
1111 Catta Verdera, Lincoln, CA***

March 8, the date of the event, is also **International Women's Day**, a day to celebrate the Suffragette Movement, that led to women's gaining, finally, the right to vote.

On this day the Branch will honor two South Placer women who have achieved success in roles more often occupied by men: **Dawn Clayton** and **Susan Rohan**. See page 5 .

We will also hear two keynote speakers: **Nancy Kirshner-Rodriguez** and **Beth Broome**, whose work has focused on equity issues and creating growth opportunities for women and girls. See pages 6 & 7 .

It is fitting that the Women of Distinction Fundraiser helps to support women who have shown a desire for personal growth and achievement: our Scholarship Women and Girls, our Tech Trekkers, our Speech Trek and \$tart \$mart participants, and AAUW Funds recipients.

You can still **purchase Raffle Tickets!** The prizes are exciting! See page 8. And you can feel good about helping raise funds to support our Branch's Community programs that further enhance opportunities for gender equity. Contact Linda Hart.

If you haven't purchased a dinner ticket by now, you may be out of luck, but check with Barbara Fraivillig to see if there are any cancellations.

Are Women Getting Their Piece of the Pie?

Branch members enjoy playing games, tasting wine and gourmet food, visiting garden sites, engaging in current events. However, it is easy to lose sight of our most important mission: our philanthropic work for women and girls. One of the most important parts of our philanthropy program is providing scholarships to women returning to school at Sierra College and high school senior girls in need of financial aid and heading directly to college after graduation. In addition, girls and women across the nation are affected by **Title IX**, not only for sports but for issues such as sexual harassment in school.

Lora Finnegan, high school scholarship chair, will describe our **high school scholarship program**: how students are selected and who have been past recipients. We hope to hear from at least a few of these outstanding girls. Their individual stories of need and the hard work they put in to prepare for college are truly moving.

Betty Manning, Sierra College scholarship chair, will introduce the women whom we send to Sierra College. Both of our scholarship women will attend and share their stories and their heartfelt struggles of returning to finally get their college degrees. See page 9 to review the progress of these remarkable women.

Alecia Hetman, Past President of AAUW CA, National Vice President of AAUW, member of many committees including LAF, and currently Title IX Chair will bring us up to date on issues covered by Title IX. [\(See page 3 for further information on Title IX.\)](#)

This is the Branch's first program for this 50th Anniversary Year to focus entirely on these important issues. It is a must-see event!

When: Thursday, April 5, 2018 4:00 to 6:00 p.m.

**Where: Woman's Club
499 E. St. (Corner of 5th), Lincoln**

A Free Program, Open to the public

Title IX: What Protections does it include for students and how are those protections being attacked?

Title IX of the Education Amendments of 1972 is the federal statute prohibiting sex discrimination in education. Title IX contains only 37 words but the protection for students covers all parts of a federally-funded education. The Regulations that enforce Title IX are very comprehensive, but efforts to weaken some of the provisions are currently under attack.

What actions do we need to undertake to protect our students from the weakening of these very important Title IX Regulations? This short presentation at the April 5 meeting will help you understand more about the workings of Title IX in both pre-school-high schools and in our colleges and universities. The objective of this presentation is to come up with some strategies for the branch to undertake in 2018 to protect the students in your community.

Presented by Alicia Hetman, Title IX Coordinator, AAUW of California

Speakers for Women of Distinction Event

In keeping with honoring women leaders in our community, as well as International Women's Day, we are privileged to have **Nancy Kirshner-Rodriguez and Beth Broome** who have worked together on major projects impacting women in California.

“Standing on Their Shoulders” will be their topic.

Nancy Kirshner-Rodriguez has devoted her career to expanding opportunities for women, supporting the needs of underserved communities, and improving partnerships between government and the private and non-profit sectors. After more than three years working to successfully transform the California Commission on the Status of Women and Girls, she recently stepped down leaving the commission with stabilized funding and innovative initiatives. **The CA Pay Equity Task Force, established after the Equal Pay Bill was passed by the Legislature in 2016, will soon complete its work to develop tools that enable California's employers and employees to transform workplace culture.** An expanded STEAM (Science, Technology, Engineering, Arts, and Math) portfolio including Million Women Mentors-CA and initiative to Engage Girls in STEM has received national and state recognition.

Nancy served for four years as Director of Government Affairs for the City and County of San Francisco with then Mayor Gavin Newsom, and almost eight years in the Clinton Administration as Deputy Assistant Secretary for intergovernmental Relations at the US Department of Housing and Urban Development (HUD) in Washington, DC and the US Department of Labor. For five years, she was a Commissioner and President of the San Francisco Commission on the Status of Women where she championed local initiatives to reduce domestic violence and human trafficking, improve gender equality, and advance girls' services. She currently serves as the Board Treasurer of Emerge America, on the National Leadership Council of Futures without Violence, and on the Board of Californians Dedicated to Education Foundation.

Kirshner-Rodriguez graduated from Mount Holyoke College with a Bachelor of Arts degree in political science. She received the Alumnae Medal of Honor for her years of service to the college.

Speakers for Women of Distinction Event

Beth Broome is the Senior Advisor to the Provost for STEM Strategy at UC Davis. In this role she is able to leverage her interdisciplinary education, nonprofit, and community planning expertise to create strategic partnerships and initiatives aligned to the STEM mission of the University.

A major focus of her work is committed to improving access, persistence and success for women historically underserved and first generation students pursuing STEM degrees.

UC Davis is one of 10 University of California campuses. UCD has been named No. 1 on the *Forbes* list of best colleges for women in STEM, with 56 percent female enrollment and 29 percent of the student body specializing in STEM. UC Davis is ranked in the top 10 public universities, and 13th in US institutions granting undergraduate degrees to students of color. Davis is **3rd** among the top U.S. colleges for "doing the most for the "American Dream" and for its commitment to economic diversity.

(College Access Index, *New York Times* 2017)

We are nearing the time of year when a nominating committee is named and candidates for office sought. Moreover, members--both old and new--have questions about Branch policies or "rules." March Luncheon for our Sierra College Scholarship Women

By Betty Manning, Sierra College Scholarship Chair

Hi Ladies,

Our two students are both on track and doing well. They're both delightful! We're having a New Year's lunch with them in March to "catch up" and I know many of the board members as well as other branch members plan to attend. Then, both are planning on attending the program on April 5th ("Are Women Getting their Piece of the Pie") and will speak about how/what their scholarships have meant to them. They're both very thankful for the support!

To remind you of their backgrounds:

Tonya Hart

Tonya attempted to go to college 20+ years ago but it didn't work out. Now, after a marriage of 21 years, raising two amazing daughters, a divorce and a serious illness, she returned to college. Although her doctor told her she shouldn't set her expectations too high, she's soared! In fact, she made all A's this past semester and plans on doing it again for her final semester, during which she plans on taking 14 units (we only require 12 units for the scholarship).....and her classes will include: Math, Statistics, Philosophy, Ethics, Psychology Research Methods and Symbolic Philosophy! Very impressive!

She will receive her AA-T for Psychology and an AA in Administration of Justice in May. She's hoping to be accepted into Edinburgh University in Scotland for her upper division education. She feels she's a role model for her daughters and nieces, that it's never too late to get an education! We KNOW she's a role model!

Pham Thi Kim Dung

Pham is an Accounting Major and plans to graduate this fall and continue her education at CSUS in the spring of 2019. She's very thankful for the scholarship, which has reduced her financial burden and allowed her to focus more on her schooling and the pursuit of her dream. She has the strong belief that this world still has hands to grasp the hand (in other words, those who will help others in need). I love the way she says this. She thanks the AAUW for bringing hope and generosity to women who not only have the responsibility of learning but also the other responsibilities of motherhood, being a wife and a daughter. She says this generosity has inspired her to help others and to give back to the community. She hopes that one day she will be able to help others to get beyond their difficulties and get an education the way the AAUW has helped her.

I love these ladies!

Betty

2018 Eleanor Roosevelt Awards

It takes a village... we all know what that means, but who are our village women?

Who are the women who make this Branch work? Who gives their time, dedication, leadership, ideas, vision, or volunteers whenever the call goes out?

Why don't you tell us by submitting their name(s) for an Eleanor Roosevelt Award this year?

In celebration of our 5 decades—1968 -2018, an award will be given to five deserving women.

We think Eleanor Roosevelt was a wonderfully inspiring woman whose legacy should be celebrated, which is why the Branch presents the Eleanor Roosevelt Awards each year.

Eleanor Roosevelt was an incredible and influential woman! She was an American politician, diplomat and activist. She was very controversial and was very outspoken on many issues including racial ones. Eleanor was the longest-serving First Lady of the United States, having held the post from March 1933 to April 1945. In 1999, she was voted in the top ten of Gallup's List of Most Widely Admired People of the 20th Century.

Please submit the name or names for an Eleanor Roosevelt Award.

Anyone—whether they have received the award before or not—may be nominated this year. Everyone is eligible!

Send names with two or three paragraphs why you're nominating this member for recognition to: Sanchia Spadow, Chair

Eleanor Roosevelt Award Committee

Nominations will be shared only with members of the committee.
